“NextDAY Closet Highlights”

EASY TO ASSEMBLE

Our assembly is easy as can be. All you need is a screwdriver and some time to assemble the NextdDay Closet Modules.

UNPRECEDENTED QUALITY

NextDay Closet is one of the most sturdy, well-built closets in the industry. We guarantee it. All our closets are made of 3/4" melamine. Drawer units come with dovetail plywood drawers, ball bearings and full extension soft closing slides.

SIMPLE DESIGN

NextDay Closet grants homeowners the flexibility and variety needed to organize and design their dream custom closet, while maintaining the simplicity and ease of modular design.

QUICK SHIP

We make sure to keep all our merchandise in-stock & ready to go for you, so that your order can be shipped within 5 business days. NextDay Closet ensures your satisfaction with our products.

PRICE

We are the direct manufacturers of our modules. As a manufacturer we are able to offer our customers savings of up to %45 over comparative closet providers.

MADE IN USA

Proudly Made in USA with durable, long-lasting and heirloom quality of local resources.

Features

NextDay Closet layouts are available as a standard wall hanging system, or they may be upgraded to the floor standing system which provides for additional storage space.

NextDay Closet systems are constructed with full-length solid partitions, adding to the strength and stability of each unit. The modular designs allow for easy adjustments and seasonal re-arrangements.

Material

High quality 3/4" thick laminated melamine shelving meets the strictest environmental standards.

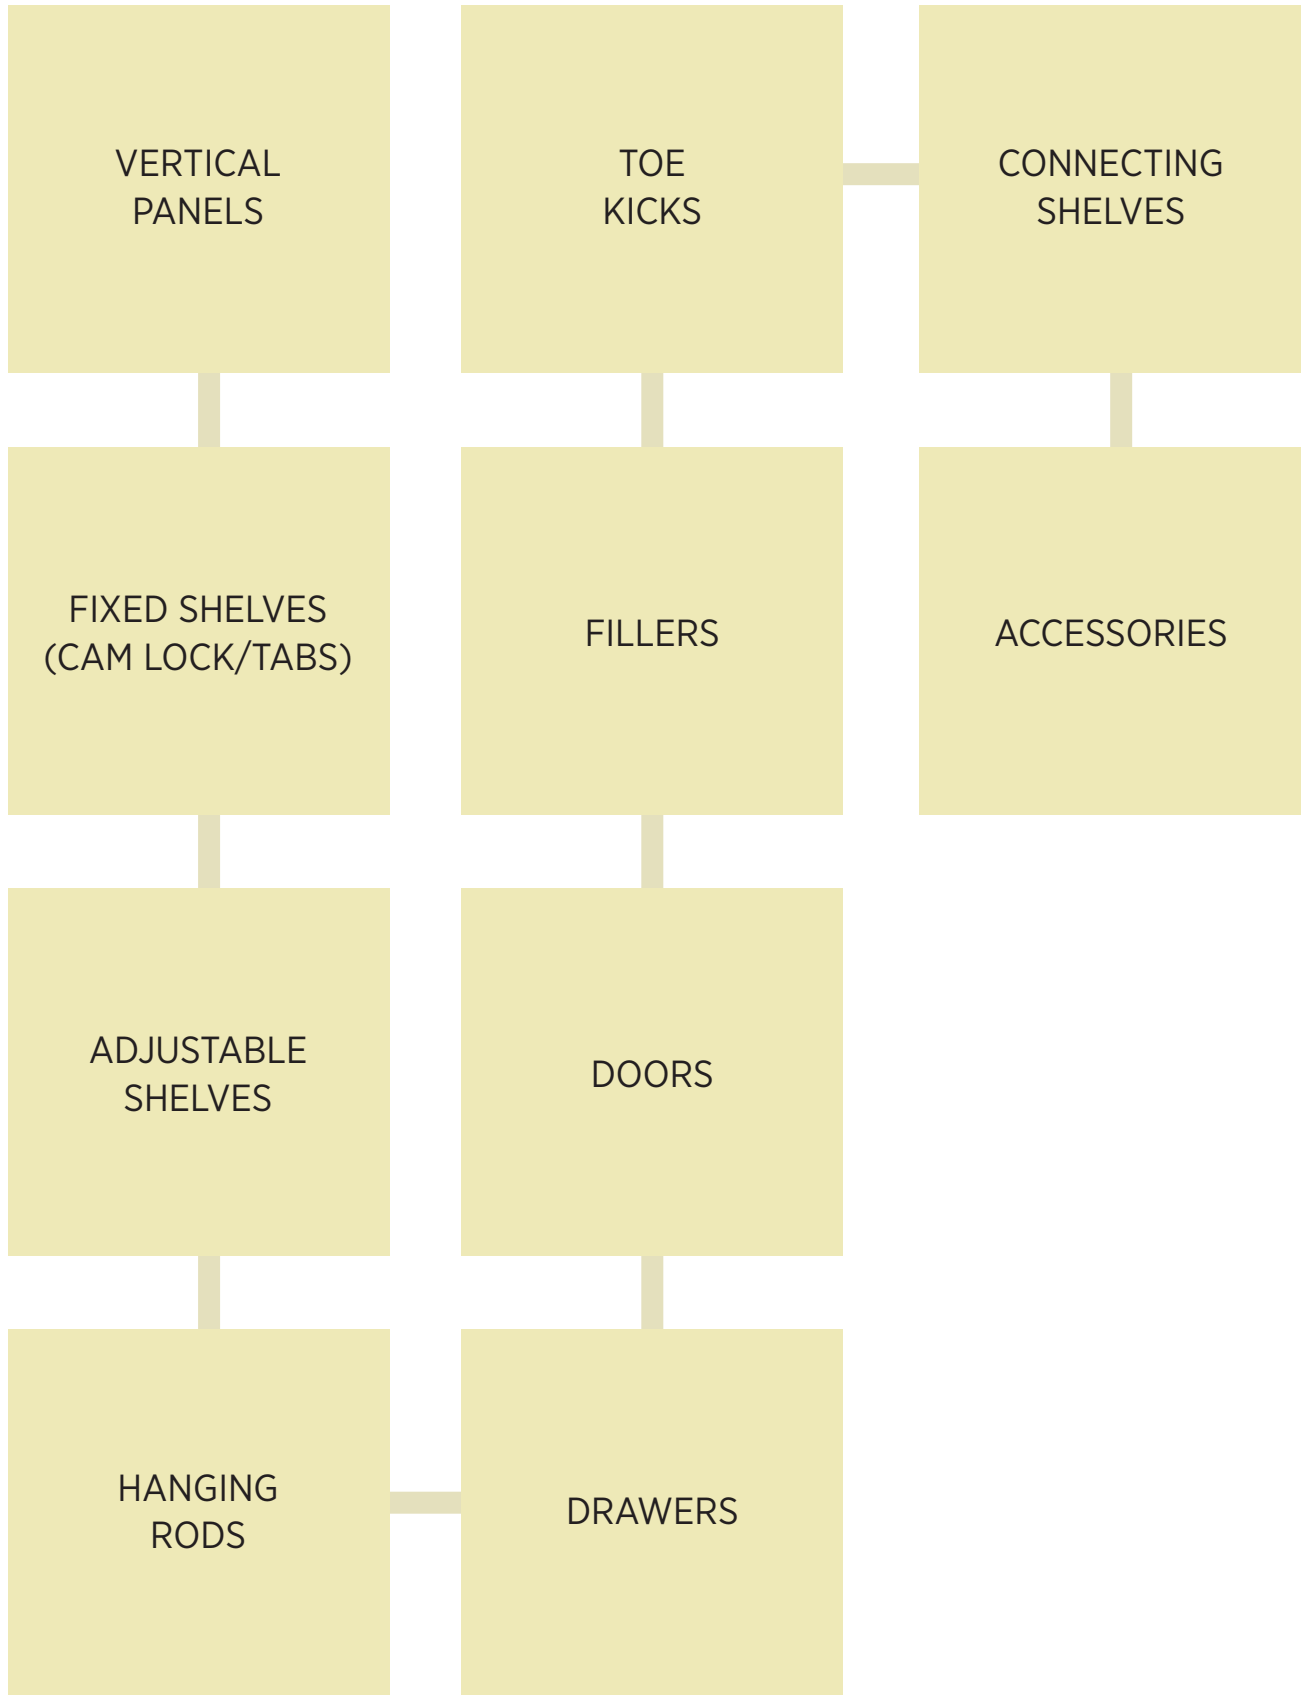

Every panel is finished with a 1 mm-thick edging for durability. Our storage systems are available in white (standard) finish only. We offer different style and finish options for drawer fronts. You can customize your storage system by upgrading doors and drawers.

Hardware

Each closet system is ready made for installation, including our EuroRail System. EuroRail is a durable steel, two-part European rail and bracket system providing dual adjustability, which is ideal for walls that are not quite perfect. Undermount soft-closing, full-extension drawer slides are standard for all drawers. We use high quality Clip Top Soft Closing Blum hinges to combine innovative technology and design in our products. Blum is known as one of the world's best hinge brands.

THE ANATOMY

Building Blocks

Wall Hung Short Hanging With Shelves

Wall Hung Shelves & Drawers

Wall Hung Short Hanging With Shelves

TYPES OF SYSTEMS

Wall Hung

Suspended systems are supported by a rail that is firmly secured to the wall studs.

Floor-Based

Floor based systems are designed to be supported by the floor.

Mixed

The type of system you choose to design can impact the overall look and cost of a project.

BASIC DESIGN GUIDELINES

Need Help?

HANGING UNITS

- Double Hang min. opening 42"
 - Medium Hang min. opening 62"
 - Long Hang min. opening 72"
 - Triple Hang min. opening 28"
 - Double Hang (Shirts, Pants)
 - Medium Hang (Skirts)
 - Long Hang (Dresses)
 - Triple Hang (Shorts, Baby Closets)
-

SHELF UNITS

- Shoe Storage
 - Folded Item Storage
 - Utility Storage
-

DRAWER UNITS

- Clothing
 - Jewelry and Accessories
 - Media Storage
 - Utility Purposes
-

Recommended Maximum Section Width: • Hanging 42" • Shelving 36" • Drawers 30"

Space Management

(Recommended heights to work with for closets system)

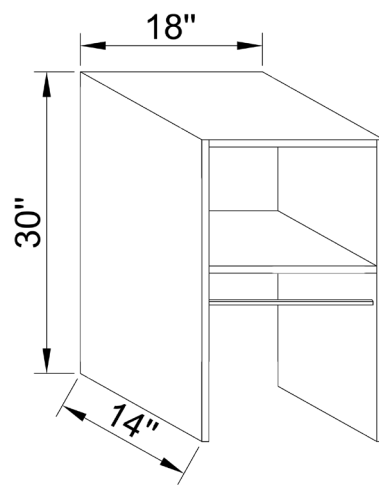

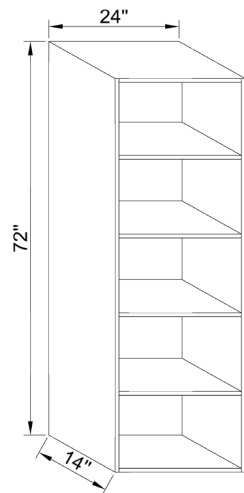

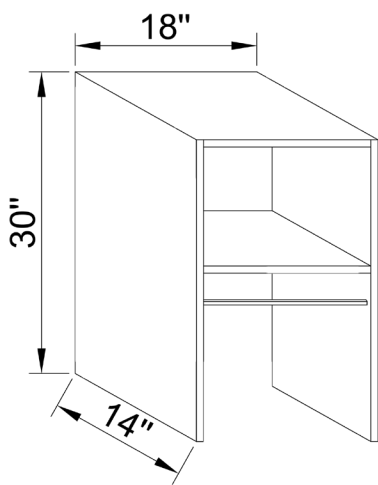

- 72" (Standard)
 - 84"
 - 94"
-
