Linear Fixture Lighting Made Easy

Linear fixtures are sized to fit standard cabinet widths and come in several profile options. Use the **Angled Profile (P3)** under cabinets, inside cabinets, or in the toe kick to angle light where it's needed. Use the **Flat Profile (P7)** under cabinets to illuminate the workspace directly below. Use the **Recessed Profile (PX)** under cabinets or shelves for a flush, sleek finish. Use the multi-purpose **Dual-Mount Profile (PD)** for surface- or recess-mounted applications. Use the **Premium Flat Profile (PF)** for a sleek, finished look under cabinets.

The Standard, High, and Higher Output Tunable-White fixtures have tunable-white color temperatures that allow users to change the color temperature from 2700K to 5000K and anywhere in between.

Cabinet Care & Cleaning

- In order to maintain and protect the original beauty of the cabinets, clean at least once a month by gently wiping the surface of the cabinets with a soft, clean, damp cloth. Allow the cabinets to air dry.
- Do NOT use kitchen cloths or sponges that have abrasive surfaces, detergent or grease on them.
- Use common dishwashing liquids (not detergents) to remove grease or soil. Wipe clean with a damp cloth. Dry the cabinet thoroughly.
- Under routine kitchen use, the cabinets around the sink, range, oven, baseboards and dishwasher may become damp with splashes from water or spills. It's important to immediately dry the excess moisture to prevent damage to the finish of the cabinetry.
- Never use cleaners containing bleach, ammonia or abrasives on your cabinetry. These substances will damage the cabinet finish.
- Touch up scratches and dings on cabinetry with a touch-up marker.
- In the event that scratches and dings are still visible after using a touch-up marker, use a filler pencil. Fill in the scratch by rubbing the pencil over the scratched area and wiping away the excess with a soft, clean cloth.
- Do NOT use sandpaper or any other type of abrasive paper or material in attempt to even out a scratch. These abrasives will damage the finish on the cabinet.

Limited Lifetime Warranty on Hinges to the original purchasing consumer as long as they own the product. WARRANTY LIMITATIONS AND EXCLUSIONS

This warranty does not apply to any damage that has occurred due to normal wear, accident, misuse, or improper handling of the cabinetry. Cabinetry that is stored or placed in excessive moisture or extreme temperatures will not be covered under this warranty. This warranty does not apply to cabinetry that has been altered, modified or improperly installed to industry standard. Premier Cabinetry is constructed from solid wood and wood veneers on plywood. Wood characteristics that naturally occur, such as variations in color, grain, mineral streaks and knots are not considered material defects. Color variations and color softening in cabinets are a natural occurrence due to species, age, character of cabinets as well as exposure to UV light, sunlight, smoke, household cleaners, and other environmental conditions. For these reasons, replacement cabinets and/or accessories may not match the existing cabinets and such variations are not deemed a material defect under this warranty.

WARRANTY PERFORMANCE

In the event a manufacturing defect occurs within the limited liability warranty period and coverage, Hardware Resources, Inc. will replace the damaged component with a comparable component that is either equal to or greater in value than the original component at no charge. This warranty is limited to the replacement of defective components only and does not include service, labor, or transportation charges related to the removal or installation of the defective or replacement components. This warranty does not apply to any products used in conjunction with the cabinetry, such as counter tops, appliances, or plumbing fixtures. Hardware Resources will ship the replacement cabinet, component or part thereof to the original consumer purchaser via ground shipper or freight carrier, at Hardware Resources sole discretion. Such replacement is contingent upon the current product offerings with the Premier Cabinetry line at time of warranty claim. If the affected product is no longer available, Hardware Resources reserves the right to replace the affected component with a new component of the same style and/or uniform appearance. Hardware Resources makes no guarantee that replacement cabinets or parts thereof will exactly match the finish or appearance of the remaining components. Replaced product shall be warrantied for a period equal to the remainder of the original Limited Warranty on the original product or for NINETY (90) days, whichever is longer.

TRANSFERABILITY

Only the Owner is entitled to coverage under the Warranties. The Warranties are non-transferable to any subsequent owner or transferee of the Products.

Stained and Unfinished Products

Certain Products covered by the Warranties are stained or unfinished (as opposed to painted) and constructed from solid wood and wood veneers on plywood. Concerning these Products, wood characteristics that naturally occur, such as variations in color, grain, mineral streaks and knots are not considered defects under the Warranties. Color variations and color softening in cabinets are a natural occurrence due to species, age, character of cabinets as well as exposure to UV light, sunlight, smoke, household cleaners, and other environmental conditions. For these reasons, replacement Products and/or accessories may not match the existing Products, and such variations are not defects under the Warranties.

Any changes to the Products resulting from stains, paints, sealers, or other finishes applied by any person other than Hardware Resources, Inc., as well as any damage occurring during the finishing process, are not covered under the Warranties. The responsibility for properly applying stains, paints, or other finishes rests solely with the Owner. For these reasons, replacement Products and/or accessories may not match the existing cabinets, and such variations are not deemed a material defect under this warranty.

Such replacement is contingent upon the then-current product offerings available within the applicable cabinetry product line at the time of the Warranty claim. If the original Product or component is no longer available, we reserve the right to replace the defective Product or component with a new product or component of the same or similar style and/or appearance.

We make no guarantee that replacement cabinets or components thereof will exactly match the finish or appearance of the remaining Products or components. Any replacement Product provided pursuant to a successful Warranty claim shall be covered under the applicable Warranty for a period equal to the remainder of the original Warranty Period or for NINETY (90) days, whichever is longer.

LIMITATION OF LIABILITY AND CHOICE OF LAW

THE REMEDIES DESCRIBED ABOVE ARE YOUR SOLE AND EXCLUSIVE REMEDIES AND OUR ENTIRE LIABILITY FOR ANY BREACH OF AN APPLICABLE WARRANTY. OUR LIABILITY SHALL UNDER NO CIRCUMSTANCES EXCEED THE ACTUAL AMOUNT PAID BY YOU FOR THE DEFECTIVE PRODUCT, NOR SHALL WE UNDER ANY CIRCUMSTANCES BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL OR PUNITIVE DAMAGES OR LOSSES, WHETHER DIRECT OR INDIRECT.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

The Warranties give you specific legal rights and you may also have other rights, which vary from state to state.

WE LIMIT THE DURATION AND REMEDIES OF ALL IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE TO THE DURATION OF THE APPLICABLE WARRANTY HEREIN.

Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

The Warranties shall be governed and construed in accordance with the laws of the State of Texas, without regard to its conflict of laws. Any legal action concerning the Warranties shall be litigated in the courts of the State of Texas, to which you agree to submit to personal jurisdiction.

Ordering Made Easy

NorthPoint Cabinetry offers 3 convenient methods for easy order placement.

1. Online: www.NorthPointCabinetry.com
2. Email: Orders@NorthPointCabinetry.com
3. Fax: (318) 742-9513

We recommend placing orders online for faster processing and delivery, and to easily confirm products are in stock.

Order Placement

Place your online order by visiting www.NorthPointCabinetry.com. Login, select the items you wish to order, and simply checkout.

Place an email or fax order by obtaining the cabinet order form or Excel quoting tool by logging in to the website or requesting them from a Customer Service team member or your Sales Representative. Submit the completed order form to the email address or fax number listed above. 2020 and ProKitchen material lists are also accepted as long as NorthPoint Cabinetry's item number nomenclature is used.

For questions about your order, call (800) 463-0660. Our friendly customer service agents are available to help you from 7:00 am until 6:00 pm Central Time.

Order Processing

Please allow up to 24 hours from order confirmation for most NorthPoint Cabinetry orders to be processed in our warehouse. Will Call orders are accepted and also require additional time for processing. You will be notified when your Will Call order is available for pickup. Will Call orders are available for pickup at our facilities between the hours of 8:00 am and 4:00 pm local warehouse time. Contact Customer Service should you need to change your order or to confirm your order is ready for pickup.

Returns

All requests for returns must be made within 60 days of invoice date. Returns are subject to a 20% restocking fee unless the return is due to Hardware Resources' error or a quality issue.

To request a Return Goods Authorization (RGA) contact Customer Service.

1. Phone: (800) 463-0660
2. Email: ReturnRequest@HardwareResources.com
3. Fax: (318) 742-9513

Include the item number, quantity and reason for return when requesting an RGA. Items should be in original packaging, unassembled and shipped with care to avoid damage. Items received with damage may not be credited.

In the event that the return is due to an error by Hardware Resources, return shipping instructions will be provided. Otherwise, shipments are the Customer's responsibility (including shipping fees) and should be shipped via a method which allows shipment tracking and proof of delivery.
